Merwyn Johnson  
Presbyterian  
Carl McKenzie  
Lutheran  
Kent Satterfield  
Episcopalian

Dear Friends of The Anchorage,

Don't you just love "God's Economy?" The world measures success by how much "stuff" we have or how many accolades we collect, but God uses a different measure. God values relationship with us, God's beloved children. When we respond to God's call to "come sit with me," richest blessings are ours.

The Anchorage provides opportunities for people to experience those blessings of time with God. Being still, listening instead of talking, and just spending time with God are all activities very counter to today's culture.

Yet, wouldn't you count it as success when:

- One person who comes to a retreat hurt, disillusioned and angry leaves with a deep, abiding awareness of God's love;
- Someone who attends a Quiet Day fearful of a calling God has places on his/her heart hears "I have prepared a way for you. Just follow my footprints" and goes away at peace and encouraged; or
- Someone comes for spiritual direction seeking God's guidance at a crossroad in life and leaves with a deep assurance that God loves them and will always be with them to guide their way in the darkness?

These are the reasons why I support The Anchorage ministry. Please join me in praying for The Anchorage and also by sending your financial support. You can be assured that when you make a pledge or send your donation, you will be providing an opportunity for someone to "come sit with God." Who knows? That someone might even be YOU.

Peace and all good,  
Peggy Dulaney, Chair of The Anchorage Servant-Leaders
